ABOUT WORKSHOP

Comfort cooling has become daily need of almost all people in concurrent life style. It is also true that home without refrigerator is not at all possible to live comfortably. So, maintenance of refrigeration and air conditioning system is inevitably one of the core area of routine/preventive maintenance that is always in high demand in market.

It is expected that mechanical engineering students or professional interested in this area of refrigeration and air conditioning must have basic knowledge in the area of its maintenance. So, our target is to convey the knowledge and practical know-how of maintenance of R & A/C systems to the people concerted of the field by the way of organizing state level workshop for that specific purpose only.

ABOUT BBIT

Bhailalbai & Bhikhabhai Institute of Technology (Polytechnic) is a grant-in-aid and self-Financed Institute Polytechnic managed by Charutar Vidya Mandal, Vallabh Vidyanagar. The institute was established in August 1958 with the intake capacity of 60 each in conventional programmes like Civil, Mechanical & Electrical Engg. Later on institute has started new Diploma Programme in Electronics & Communication in 1985 with 60 intakes and Diploma in Computer Engg. in 1986 with 60 intake. The institute has also started two programmes under Self Finance pattern; in the year 2001, it has started Diploma in Information Technology with 60 intake and in 2003, Diploma in Electronics & Communication with 60 intake. Thus today institute has total 685 intake capacity including 180 in Distance Learning Mode in Civil, Mechanical and Electrical – 60 in each.

OBJECTIVES

After successful completion of the programme, participants will be able to gain knowledge of maintenance system adopted for refrigeration and air conditioning systems in industry and will be aware of latest safety rules & precautions followed by industries for that.
