Engineering. Later on institute started new Diploma Programme in Electronics & Information Technology. It endeavors young minds into exceptional wisdom and remarkable persons & moulds to be ardent and ambitious to rise in the upcoming competition.

## ABOUT INSTITUTE OF ENGINEERS

The strong and consistent economic growth of our country has raised expectations. Fulfilling these expectations is a real challenge and this will be the core concern in the performance of our engineering fraternity. Institute of Engineers, India has been playing an active role in this direction as the AMIE alumni from this Institution are skilled and experienced in their respective discipline of engineering. IEI has rigorous set of norms and very high standards in the planning and conduct of its examination system. Being recognized by the Ministry of Science and Technology, Govt. of India as a Scientific and Industrial Research Organization, The Institution of Engineers (India) has taken up promotion of R&D through funding and active participation, either in solo or joint mode, with identified organizations and several resultant research works have been published in the SCOPUS indexed IEI-Springer journals.

## ABOUT THE PROGRAMME:

Creation and dissemination of knowledge through research is one of the core functions of the institute of higher education. Quality of manpower is one of the most important factor in good quality research as well as teaching-learning process with better outcome. Looking to the interest and need to carry out state-of-art research in frontiers areas of science & technology, B & B Institute of Technology which is the one of the oldest polytechnics in the state of Gujarat and managed by Charutar Vidya Mandal is organizing one-week short term training program on Advanced Research Methodologies. The aim of this STTP is not only to create awareness about Research Methodologies but to bring together people working in the frontier areas of science and technology as well as humanities. The main objective is to provide a platform for discussion on methodological requirements of research, to share knowledge about research ethics, funding opportunities in India etc. We are planning to arrange hands on sessions on the use of various tools for carrying out research.
